How to Use Library OneSearch

Find Library OneSearch on the library website: https://www.hennepintech.edu/current-students/library

EVERYTHING tab is orange = You are searching for books, articles, and more (including online and print)

TEXTBOOKS tab is orange = You are searching for current textbooks available to rent in the library.

Other Search Scopes

The default is to search for EVERYTHING. However, once in OneSearch you can change the search scope in the drop-down menu.

- Everything (Books & Articles) - finds all of the library’s print and online resources
- Books & More - finds print books, online books, and physical media ( DVDs, audiobooks, etc.)
- Articles & More - finds journal, newspaper, and magazine articles
- Textbooks - finds current course textbooks available in the library
- All Minn. State Libraries - finds items available from other Minnesota State College Libraries

Sign in with your Star ID and password to make sure you are seeing all options available to you. This is also where you can view what you have checked out, renew items, or see any fines you have accrued.
Focus Your Results

Use the “facets” or “limits on the left side of your search results to narrow and focus your results.

<table>
<thead>
<tr>
<th>Material Type</th>

Viewing Results

Online Resources

For resources available online, click the title of the resource or the “Available Online” link to read the full-text article.

Click title to select which database to view the resource in.

Quick link to the resource.
If you click the title of an online resource, you may be prompted to select which database you would like to view the article in.

**Physical Resources**

For physical resources available in the library, note which library has the item (Brooklyn Park, Eden Prairie, or both!) and write down the call number to find the item on the shelf.

**If a book is listed as “BP Main Shelves and other locations” – the Eden Prairie Library also has a copy.**
